

DOCTORS SAY CALOMEL
IS BEST MEDICINE

According to the world's greatest physicians and medical experts, calomel is the best and most universally useful of all medicines. Medical authorities prescribe calomel for almost every disease and explain that it is the best and surest of all system purifiers. They say that calomel cleanses the liver, stomach, bowels and kidneys and purifies the blood from all poisons, making the system pure and clean so that nature can quickly restore the teeth.

Now that science has purified calomel of all its nauseating and dangerous qualities, the new kind of calomel, called "Calotabs," is even more popular than the old. As a liver cleanser and system purifier, Calotabs are more effective than the old style calomel. They are entirely delightful in effect. One Calotab at bedtime, with a swallow of water—that's all. No nausea nor the slightest unpleasantness. Next morning you awake feeling fine, with a hearty appetite for breakfast. Eat what you please and go where you please—there is no restriction of habit or diet.

Calotabs are sold only in original sealed packages, price thirty-five cents. Your druggist recommends and guarantees Calotabs, and will refund your money if you are not delighted with them. (Adv.)

Cuticura Soap
IS IDEAL
For the Hands

Keep the Hands Soft and Smooth. Cuticura Soap is the ideal hand soap. It is sold in 100% pure form by Cuticura, Dept. 2, Boston.

CHILD GETS SICK,
CROSS, FEVERISH
IF CONSTIPATED

Look at tongue! Then give fruit laxative for stomach, liver, bowels.

'California Syrup of Figs' can't harm children and they love it.

Mother! Your child isn't naturally cross and peevish. See if the tongue is coated; this is a sure sign the little stomach, liver and bowels need a cleansing at once.

When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomach-ache, diarrhoea, remember, a gentle liver and bowel cleansing should always be the first treatment given.

Nothing equals 'California Syrup of Figs' for children's ills; give a teaspoonful, and in a few hours all the foul waste, sour bile and fermenting food which is clogged in the bowels passes out of the system, and you have a well and playful child again. All children love this harmless, delicious 'Fruit Laxative,' and it never fails to effect a good 'inside' cleansing. Directions for babies, children of all ages and grown-ups are plainly on the bottle.

Keep it handy in your home. A little given today saves a sick child tomorrow. But get the genuine. Ask your druggist for a bottle of 'California Syrup of Figs,' then see that it is made by the California Fig Syrup Company. (Adv.)

SUGGESTED DEMOCRATS
ENDORSE FINNEY CARTER

Some Democrats and All Republicans Think That's Way to "Adjourn Politics."

Now that it is assured that Col. Ed Watkins will withdraw from the race for the senate on account of the recent order of Director-General of Railroads W. G. McAdoo, many names are being suggested about the streets and at the courthouse as his successor. However, there was some talk Wednesday favoring the endorsement of Finney Carter, republican nominee, by the democratic executive committee, which meets Saturday to take some action on the withdrawal of Col. Watkins. Republicans are claiming that this should be done in return for the action in endorsing democratic candidates before the August election.

County Judge Sam A. Conner, when asked about this idea, stated that while he was not a politician, he was of the opinion that the democrats would make no mistake in endorsing Mr. Carter, inasmuch as the republicans, in the recent election, had seen fit to place their approval on several democratic candidates.

Mr. Carter is a young man of unusual ability and would make a good senator, and one who would come right out and tell the people where he stands and not lie about it, said Judge Conner. It was also rumored that in an event the democrats endorsed Mr. Carter the republicans might, in return, endorse the democratic candidate for the legislature.

The idea seems to be that this is no time for partisan politics or bitter factional fights, and the idea of harmony seems a pleasing one.

However, despite the suggestion, the names of a number of democrats are being proposed as successors to Col. Watkins. Senator J. L. Conner is being mentioned by some, but Mr. Foust's friends say he would in no sense become a candidate, and he himself says that he is out of politics. The name of ex-Sheriff Nick Bush is suggested by some, but it does not seem probable that he could land the nomination even though he wanted it. The friends of O. P. Darwin, the well-known young attorney, are urging that he make the race. Mr. Darwin's friends had him in a receptive mood before Col. Watkins entered the race for the nomination, but after the colonel had announced, Mr. Darwin would no longer allow his name to be discussed, stating that he would not oppose Col. Watkins.

However, the democratic executive committee has been called to meet Saturday morning at 11 o'clock, and will at that time take some action on the senatorial race.

Col. Ed Watkins declined to make a statement as to his intention until after the committee meets Saturday, but it is generally understood he will retire from the race.

Frank Spurlock, attorney for the Nashville road and chairman of the highway commission, is in the same attitude as Col. Watkins, and he, too, will probably resign his county position.

Squire Charles Taylor, a new member of the court, and who is acting as Boyle, and hence comes under the operation of the McAdoo order, it is understood that he will resign the railroad position and cling to his position as magistrate.

Politics is adjourned—Term Will Be on War Basis, He Declares.

"Politics is adjourned as far as I am concerned," my administration shall be a work or fight one throughout," stated County Judge Sam A. Conner Wednesday morning. The new county judge said that it was not his desire nor his wish to build up a political machine in his own and his friends interest, and that the people had elected him as the county judge and he would, while filling that office, take no part or interfere in any way with any other race for office.

"Of course," stated Judge Conner, "I shall go to the polls and vote for my friends, but other than that I am out of politics, and will serve the people only as their county judge."

Conner's statement is being eagerly awaited in checking the books and records of the old regime and when this is finished Judge Conner states that he will know the things that are in and out of the county out of debt and put the administration on a saving and good financial basis.

"The people of Hamilton county will not have to wait eight years to get rid of me if I don't make good," stated Judge Conner, "for if I see that I am not making good or not going to make good I will resign without complaint."

"I didn't want this job, didn't want to run, and don't want the office now, but as the people have elected me to it I am going to serve them to the very best of my ability."

The new county judge stated it would be some time before he got the swing of things, but after he got the swing of things, he would be glad to go to work on the office on a work or fight basis.

CITY HIGH PATRONS MEET THURSDAY NIGHT

A meeting of the patrons of the Chattanooga High school will be held at the school building Thursday night at 8 o'clock for the purpose of making plans for the welfare of the school children for the coming year.

On account of the fact that it has been a hard matter to secure an adequate teaching force for the next year it will be necessary for the patrons to co-operate with the officials in order that arrangements be made to care for the children in the best possible way.

Commissioner Huffaker and Supt. Winder will make addresses and a good musical program has been arranged.

REPLEVIN FOR DOG

BASS' FIRST CIVIL WARRANT

The first civil paper served by Sheriff Robert B. Bass was for the replevin of a dog. Sheriff Bass stated that he experienced no trouble with the dog, the animal being kept quietly in the service of the paper.

CAPT. R. O. ARNOLD SENT TO CAMP FREMONT

Reclamation Officer at Post to be Succeeded by Lieut. W. H. Evans.

Capt. R. O. Arnold, of the quartermaster department, who has for some time been in charge of the reclamation work at Camp Fremont, California, was recently returned from a conference of reclamation officers at Washington, and while there received his orders to report

TO CAMP FREMONT FOR DUTY. IT IS EXPECTED THAT HE WILL BE PLACED IN CHARGE OF THE RECLAMATION WORK AT THE CALIFORNIA CAMP.

Lieut. W. H. Evans, who was formerly in charge of the reclamation work at Camp Fremont, has taken Capt. Arnold's place at Chickamauga.

GOVERNMENT SENDS
CAR OF FISH HERE

To Sell at 12 1-2 Cents a Pound—Substitute for Meat.

Carrying out his theory of war economy and saving the beef for the soldiers, Uncle Sam has come to the rescue of Chattanooga with a definite and tangible substitute. This is fish. Wednesday morning a carload of fresh sea food, shipped direct from the Gulf, arrived in this city. It is to be followed at intervals of about every

There are red fish, sergeant fish, mullets and sheepshead; there are mangrove snappers and hardtails. These varieties are seldom sold in Chattanooga and the change in menu is calculated to add a new relish and anticipation.

Arthur Orr, representing the U. S. Bureau of Fisheries of the department of commerce, has accompanied the shipment. The plan is a new development designed to induce people to eat more fish instead of meat. It is now being successfully carried out in Nashville, Knoxville, Louisville, Indianapolis and other southern cities.

The price to the consumer is set by the government at 12 1-2 cents a pound. The fish is to be on sale at the market house and at all local fish dealers.

According to Mr. Orr this sea food is fresher and more palatable than fish that is expressed into the city. It is packed in refrigerator cars under government supervision, salted and brought here at a temperature slightly above freezing. Though three to five days is consumed in transit, the fish arrived just as it was pulled out of the sparkling Gulf.

G. RUSSELL BROWN
TIPPED FOR MAGISTRATE

Republicans Will Present Educator as Successor to Walter Hampton.

The powers that be in republican ranks say that G. Russell Brown will be member of the county court from the third civil district to succeed the late Walter Hampton. It is understood that Mr. Brown stands high with republican party leaders, and also has the unqualified support of W. H. Crowe, of Soddy, the other member of the court from the Third district. Mr. Brown was recently elected for the chairmanship of the republican executive committee, and would have been given that honor had Chairman John McCreynolds resigned. Mr. Brown lives in North Chattanooga, and his many friends state that in case he enters the race he will be a winner.

Mr. Brown has already announced his candidacy for the place left vacant by the death of Mr. Hampton. Mr. Brown was only defeated by Squire Hampton by thirty-six votes. No date for the race for the Third district has yet been set by the board of election commissioners, but it will probably be at the regular November election. The Third district is largely republican.

CLEARING DOCKET OF
OLD CRIMINAL CASES

Only One Murder Case Called and That Was Continued.

A large number of old cases which have clogged up the criminal court docket for a number of years were finally disposed of Wednesday morning. Final action was taken in nearly every one of the cases. Atty.-Gen. George W. Chambliss stated that the only case on the docket, but when he investigated it found that the woman charged with vagrancy had been released by order of Capt. Kenneth Kern, formerly head of the police department. The case of the woman is now getting into good shape and business will be transacted at an early date.

The only real case of interest on the docket for Wednesday was the one of Forrest Smith, charged with the murder of Clarence Thomas. The case was continued by consent of both sides.

INDUCT MORE MEN FOR
CLERICAL POSITIONS

Under induction call No. 1,234, 168 inducted service men from the state of Tennessee will be called for clerical work in various headquarters, district and advisory boards. The local boards have not as yet received their quotas, but they are expecting them any time. The men will be sent to Fort Oglethorpe, Ga., and will be taken from there to the places assigned to them.

Many additional clerks and typists will be needed to carry out the work of the new registration, and these men will be called for in the near future. It is possible to secure outside help and not use these men if it is urged that this be done. In order, however, that there will be no lack of help these measures are being taken.

TAXI DRIVERS ATTEMPT TO
FORM LABOR UNION HERE

Say Organization Was Suggested by Military Police.

In line with the modern tendency to organize all kinds of labor, the drivers of the taxis and jitneys which operate among the camps in Chickamauga park are the latest to form an organization for mutual protection and benefit.

According to the statements of the jitney men, they were requested by the military police to form a "club," which would be to the advantage of both the drivers and the military.

A meeting was held this morning at 11 o'clock in the Central Labor hall for the purpose of organizing a taxi drivers' union. Although all the jitney men seemed to be in favor of the organization of the association, none of them seemed to know just exactly what the purpose or advantage of such a union would be, and evidently trusted to the military police to inform them fully in regard to it.

THIEVES BREAK IN STORE
OF MORRIS & CO.—ROB DRAWER

The place of business of Morris & Co. was broken into some time Tuesday night and the cash drawer robbed. It contained some small change, which proved too alluring to leave behind. Stock will be taken during the day and it will be determined whether anything else was taken.

Entrance to the building was secured by prying open the front door. The exit was through the back door.

About a month ago an establishment in question was visited and about 300 pounds of salt meat stolen.

MORE TENNESSEANS FOR
SPECIALIZED SERVICE

Call for 206, Who Go to Clemson for Mechanical Training.

Call No. 1239 has been received by the local draft board stating that 206 general service men will be sent from Tennessee to Clemson Agricultural college, Clemson, S. C., on Sept. 19.

Only white men and men qualified for general military service, who have had at least a grammar school education or its equivalent or who have the ability to read and write and have had at least four years of grammar school education, and with some aptitude for mechanical work and some experience along the line of training hereinafter specified, may be inducted under this call.

Men selected for this service will receive a course of training, at government expense, as auto tradesmen, blacksmiths, carpenters, electricians and machinists, fitting them to serve in army positions both at the front and behind lines. Men taking this course will receive thorough instruction which will be of great personal value in their civilian life. The men will be assigned during the course to that kind of mechanical training for which the greatest need exists at the time of the call. At the end of the course they will be assigned to various branches of the service in accordance with the needs of the army.

Volunteers are called for this service and may be received up to and including Friday, Sept. 6. Provided no volunteers are received and the board happens to be assigned a certain number of men for the call, they will be inducted in the usual way. As this means an exceptional opportunity for the man interested in that line of work, the board hopes that more than enough to fill the quota are expected.

WOMAN DISAPPEARS;
HUSBAND FRANTIC

Mrs. Citty Leaves Home for Town Tuesday—No Trace of Whereabouts.

Mrs. Ruth E. Citty, wife of P. W. Citty, grocer at 518 East Main street, has been missing since Tuesday afternoon, and her husband is worried almost frantic over her absence.

He fears that harm has befallen her and has appealed to the police and detective departments to assist in locating her.

He visited the detective's office Wednesday morning and furnished a description of Mrs. Citty. He explained that Tuesday night was the first night she had been away from home and expressed himself as fearful that she is concealed in some house in the city.

He said that he had money on deposit in local banks and she had the privilege of drawing any amount that she might need, but that upon visiting the banks he found she drew out no money Tuesday. He also had a large sum of money at home when she departed about 1 o'clock Tuesday afternoon, but she did not take any of that. She told him she was coming up town and said she had better bring her umbrella as it might rain. She alighted from the car at Ninth and Ninth streets. He was unable to trace her further.

Mr. Citty has been in business on East Main street for a long time and has a good grocery trade.

NEGRO DRAFT INSTITUTE
TO OPEN SEPT. 13

Two Meetings Have Been Arranged for Instructing Colored Selectmen.

Chairman J. B. Milligan, of the instruction board, announced today that the next central institute would be held on two successive Fridays, beginning Sept. 13. This institute will be held for negroes only, and every man who has registered up to that date, including those who register on the 12th, has been commanded by his local board to attend the institute.

The institute will be held at the courthouse and will start promptly at 7:30 p.m.

The same instructors will talk to the men on every subject, and will be held at the meetings held for the white men. Chairman Milligan called a conference of the members of the board today to see that everything is gotten ready for the coming institute.

During the first two meetings several complaints were heard that no notices were received by the men to attend these institutes. This is not necessary, the newspaper stated, as the notices of information for these meetings and no notices whatever will be sent out to the individual.

PRINCE AND PAUPER
FIGHT SIDE BY SIDE

Calamity Wrought by War in France Appalling, Writes Soldier Boy.

John Hall writes his mother at Georgetown that he is safely in France, and that if the American people could see the calamity the war has wrought to that country they would wake up.

He says that every man able to bear arms, regardless of former station in life, is battling to save France from the grasp of the Hun—the prince and pauper side by side to save France. He says: "Any boy seeing the poor old women and fatherless children, as conditions are here, and not willing to fight for them is no worth his salt."

He says: "The war has not touched America. I am convinced, since I see conditions here." "But they never leave," he says. "The war has brought to that country they would wake up."

He writes, "I am in liberty bonds. Take my money and invest the last penny of it in the next loan. Let us all pull together and win this war as soon as possible and end this awful carnage, and a good time to do it is while the Hun is on the run." He jokes.

When You Need Calomel
Take
DISCOLAX

Not a substitute, but a calomel compound that will not nauseate. 25 cents a box. At all Druggists.

WAR CONFERENCE OF
X-RAY MEN AT POST

Meeting Is Opened With Address by Col. E. L. Munson.

At 9 o'clock this morning the nineteenth annual meeting of the American Roentgen Ray society was formally opened at the auditorium in Camp Greenleaf by an address by Col. E. L. Munson. Due to the fact that many of the members of the society, including the president, Maj. W. F. Mangis, are now in military service, the meeting this year is being held under the auspices of the War Department, and as a result very little advance publicity has been given this meeting of eminent scientists from all over the country.

Many of the most prominent Roentgenologists in the country are in the city for the meeting, which is scheduled to adjourn Friday night. Among the visitors is Maj. L. G. Cole, who is in charge of the X-ray department of United States general hospital No. 1, in New York, and who will speak on Thursday on "The Value of the Roentgen Ray Examination in Studying the Course of Cardiac and Pulmonary Pathology."

Lieut.-Col. James B. Case, senior consultant in roentgenology, A. E. F., who is prominent in X-ray work, will also speak during the convention. X-ray specialists from New York, Philadelphia, Boston, Chicago, Detroit, Minneapolis and other cities will attend the convention of the X-ray physicians are invited to attend the meetings of the society.

On Thursday night the annual dinner and examination of commercial exhibits will take place at the Hotel Patten. Many companies throughout the country which manufacture products useful to the roentgenologist will have exhibits on the mezzanine floor of the Patten for the examination of the visiting doctors. Both the president of the society, Maj. W. F. Mangis, and the secretary, Maj. W. H. Stewart, are stationed at Camp Greenleaf. The first meeting of the convention, which opened at 9 o'clock this morning in the Greenleaf auditorium, was attended by a large number of physicians. After an address by Col. Munson, welcoming the visitors, the program was given.

"The Roentgen Ray in the Diagnosis of Chronic Appendicitis and Other Conditions in the Appendicular Region"—Dr. George C. Peabler, Philadelphia, Pa.

"Lessons at the Dundero-Tejunal Angle"—Dr. Harry M. Imboden, New York.

"Roentgen Ray Examination of the Intestines"—Dr. John H. Edmondson, Birmingham, Ala.

"Diagnostic Errors From Overlooking Simultaneous Lesions"—Dr. A. W. Crane, Kalamazoo, Mich.

"Co-operation Between the Roentgenologist and Other Medical Officers"—Capt. M. B. Palmer, M. C., U. S. A.

The afternoon program started at 1:30 o'clock.

Good for Biliousness.

"Two years ago I suffered from frequent attacks of stomach trouble and biliousness. After using Chamberlain's Tablets advertised I concluded to try them. I improved rapidly."—Miss Emma Verbyke, Lima, Ohio. (Adv.)

SERGT.-MAJ. YOUNG AND
MRS. STORY INDICTED

Principals in Recent Mock Marriage Must Face Trial for Lewdness.

The list of presentments reported in court Tuesday included the name of Mrs. Mary Story, who was indicted jointly with Sergt.-Maj. J. Armstrong Young on the charge of lewdness. The name of Sergt.-Maj. Young was reported Tuesday, but owing to an oversight, Mrs. Story's name was not presented. However, Atty.-Gen. George W. Chambliss, when asked Wednesday about Sergt.-Maj. Young's indictment, stated that the woman was also indicted, she being equally guilty as was Young. The indictment of the two grew out of a night they spent at the Hotel Patten. When they were discovered, Mrs. Story said she thought she was married to the soldier. However, the event which Mrs. Story claims she thought was a marriage was only a joke, and she stated later that she knew she went through no ceremony. Sergt.-Maj. Young was arrested and held over for lewdness, but Mrs. Story was never arrested, and left the city only after she had secured financial aid from friends of the sergeant-major.

Laid Crutches
ASIDE HE SAYS

Knoxville Man Tells How Tanlac Helped Him.

Trouble of Eight Years' Standing Relieved.

Now Back at Work, Feeling Better Than He Has in a Long Time.

"Before taking Tanlac I was one of the sickest men you ever saw, and today I feel as well and strong as I ever felt in my life," said Frank Hicks, living on Route 13, Martin's Mill Pike, South Knoxville, Tenn.

"For the past eight years," he continued, "I suffered from kidney trouble and my back hurt like it would kill me. I would have such awful spells that I would have to quit work for as long as three weeks at a time. I had rheumatism too, so bad that I couldn't walk without crutches, and my feet were swollen so I couldn't put on my shoes. I suffered agonies all the time and nothing I took did me the least bit of good."

"Two weeks after I started taking Tanlac I was much better, that I laid my crutches aside and I can now walk as good as anybody. The pain in my back is gone, I have been relieved of rheumatism and feel absolutely well in every respect. I sleep like a child, my appetite is fine and everything agrees with me. I have gained ten pounds, my strength has returned and I am now back at work again and in the best of health."

Tanlac is sold in Chattanooga exclusively by the Live and Let Live Drug Co. (Adv.)

Shotguns and Shotshells

GET the full benefit of your spare time for shooting this Fall with a Remington UMC Pump Gun or Autoloading Shotgun and Smokeless "Arrow" or "Nitro Club" Wetproof Steel Lined "Speed Shells"—made to shoot right.

Remington-UMC
for Shooting Right

There is not a single out-of-date mechanical principle or old-fashioned feature in the Remington UMC Shotguns. They look, fit, work and shoot equal to highest expectations.

Likewise, Remington UMC Smokeless "Arrow" and "Nitro Club" Wetproof Steel Lined "Speed Shells," made completely waterproof by a wonderful and exclusive process, richly justify their selection.

You buy the same popular "Arrow" or "Nitro Club" brand, at the regular price, and get the Wetproof improvement besides, without extra charge. The same shells, having highest speed, best pattern and penetration, made still better. When they "ought to" be affected by damp storage or soaking wet from a shower, they will be found hard and smooth as usual, will work through the gun perfectly and shoot right.

In black powder shells, buy the old reliable "New Club," now Wetproof sealed at turnover and top wad.
